

Introduction

- ❖ Vision
- ❖ Responsibility
- ❖ What are doable in the current context
- ❖ How to do – the processes – institutional arrangement
- ❖ Need assessment in participatory mode, data management
- ❖ Projectization
- ❖ Support system

Issues

- ❖ Communication on time about the quantum
- ❖ Timely release for credibility and trust - better to release in pre-announced installments
- ❖ Allocating the tied fund first and find the gaps in resources
- ❖ Allocating untied funds to bridge the gap
- ❖ Allocating OSR only for activities for which GP has exclusive responsibility
