School Building Refurbishment Renovation of school buildings and AWCs is one of the keys focuses of in some of the states. However, we present only one case. GP Lashawnda (Amravati, Maharashtra) has utilized FFC funds for renovation and refurbishment of the school building. In particular, the GP has provided a LCD screen to facilitate audio-visual learning sessions in the school. The school also received desks and other refurbishments as well as wall painting and learning materials from the GP. Similarly, GP Zilpi, Amravati (Maharashtra) has utilized the FFC funds to provide e-learning equipment and other infrastructure facilities to the school. This includes basic school furniture such as student desks, tables, cupboards, sports equipment's for Anganwadi. The teachers have reported positive impact of these initiatives on student enrolment, attendance and learning outcomes.
